

MERGER PROPOSED — YOUR VOTE IS VERY IMPORTANT

The board of directors of Fidelity National Information Services, Inc., or FIS, and the board of directors of Metavante Technologies, Inc., or Metavante, have each approved a merger agreement which provides for the acquisition of Metavante by FIS. Following completion of the merger, Metavante will be wholly owned by FIS.

If the merger is completed, each share of Metavante common stock outstanding immediately before that time will automatically be converted into the right to receive 1.35 shares of FIS common stock. This exchange ratio is fixed and will not be adjusted. Based on the closing price of FIS common stock on the New York Stock Exchange on March 31, 2009, the last trading day before public announcement of the merger, the 1.35 exchange ratio represented \$24.57 in value for each share of Metavante common stock. Based on the closing price of FIS common stock on the New York Stock Exchange on July 20, 2009, the latest practicable date before the date of this document, the exchange ratio represented \$28.35 in value for each share of Metavante common stock. Shares of FIS common stock outstanding before the merger is completed will remain outstanding and will not be exchanged, converted or otherwise changed in the merger.

In connection with the proposed merger, FIS has entered into an equity capital investment agreement with affiliates of Thomas H. Lee Partners, L.P., or THL, and Fidelity National Financial, Inc., or FNF. We also refer to THL and FNF as the equity capital investors. Under the investment agreement, FIS, THL and FNF have agreed that, in connection with completion of the merger, FIS will issue approximately 16.1 million shares of FIS common stock in the aggregate to THL and to FNF in exchange for the payment to FIS of approximately \$250 million in cash. The completion of these transactions is subject to the prior approval of the FIS shareholders, the completion of the merger and the other terms and conditions contained in the investment agreement.

The merger is intended to qualify as a "reorganization" under United States federal tax law. Accordingly, Metavante shareholders, generally are not expected to recognize any gain or loss for United States federal income tax purposes on the exchange of shares of Metavante common stock for shares of FIS common stock in the merger, except with respect to any cash received instead of fractional shares of FIS common stock.

At a special meeting of FIS shareholders, FIS shareholders will be asked to vote on the issuance of FIS common stock to Metavante shareholders in the merger and on the issuance of FIS common stock to each of THL and FNF under the investment agreement. Approval of each proposal requires the affirmative vote of a majority of votes cast by the holders of FIS common stock, provided that the total votes cast represent a majority of the votes entitled to be cast on the proposal.

At a special meeting of Metavante shareholders, Metavante shareholders will be asked to vote on the approval and adoption of the merger agreement and the transactions it contemplates. Approval and adoption of the merger agreement and the transactions it contemplates requires the affirmative vote of a majority of all the votes entitled to be cast by the holders of Metavante common stock. WPM, L.P., or WPM, an affiliate of Warburg Pincus LLC, has entered into an agreement with FIS, Cars Holdings, LLC and Metavante under which, subject to the terms and conditions of that agreement, WPM has agreed to vote all of the Metavante shares it holds in favor of the merger. As of the date of this document, WPM holds in the aggregate approximately 25% of the outstanding shares of Metavante common stock.

The FIS board of directors unanimously recommends that the FIS shareholders vote "FOR" the proposal to issue shares of FIS common stock in the merger and "FOR" the proposals to issue shares of FIS common stock to the equity capital investors.

The Metavante board of directors unanimously recommends that the Metavante shareholders vote "FOR" the proposal to approve and adopt the merger agreement and the transactions it contemplates.

The obligations of FIS and Metavante to complete the merger are subject to the satisfaction or waiver of conditions set forth in the merger agreement. More information about FIS, Metavante and the merger, as well as the equity capital investment, is contained in this joint proxy statement/prospectus. **FIS and Metavante encourage you to read this entire joint proxy statement/prospectus carefully, including the section entitled "Risk Factors" beginning on page 17.**

We look forward to the successful combination of FIS and Metavante.

ShareGift USA is a nonprofit charity recognized as exempt from tax by the Internal Revenue Service under Section 501(c)(3) of the Code that will distribute the merger consideration donated by Metavante shareholders (or the proceeds from the sale of any donated merger consideration) to a variety of recognized U.S. charities. ShareGift USA will aggregate all donations from Metavante shareholders and distribute them to charitable institutions.

If you are a Metavante shareholder and a U.S. taxable investor, you may be eligible for a tax deduction should you choose to participate in ShareGift USA's program. Please consult your tax advisor accordingly.

For additional information on the ShareGift USA charitable donation program, see "ShareGift USA's Charitable Donation Program" beginning on page 95.

The Investments and the Investment Agreement

In connection with entering into the merger agreement, FIS has entered into an investment agreement providing for an equity capital investment in shares of FIS common stock by the equity capital investors. The FIS board of directors determined that the investments are in the best interests of FIS and its shareholders after considering, among other factors, the capital structure of FIS following the completion of the proposed merger and the proposed investments, and the fact that Metavante's lenders viewed the additional equity capital to be received in the proposed investments as having a favorable impact on the combined company's capital structure in the context of the discussions with Metavante's lenders and seeking such lenders' consents regarding modifications to the terms of Metavante's existing debt in connection with the proposed merger. See "FIS Proposal 1 and Metavante Proposal 1: The Merger — FIS' Reasons for the Merger and the Investments; Recommendation of the FIS Board of Directors" beginning on page 44. Under the investment agreement, immediately after the merger, (a) THL will purchase 12,861,736 shares of FIS common stock for an aggregate purchase price of approximately \$200 million and (b) FNF will purchase 3,215,434 shares of FIS common stock for an aggregate purchase price of approximately \$50 million. The price per share of FIS common stock under each of the THL and FNF investments is \$15.55. The price per share was determined through arms-length negotiations with the equity capital investors and was approved by the FIS board of directors on the basis of the factors described under "FIS Proposal 1 and Metavante Proposal 1: The Merger — FIS' Reasons for the Merger and the Investments; Recommendation of the FIS Board of Directors" beginning on page 44.

The consummation of the investments is subject to the satisfaction or waiver of certain conditions, including, among others, approval by FIS shareholders of the issuance of shares of FIS common stock to each of THL and FNF, the receipt of required governmental approvals and expiration of applicable waiting periods, the accuracy of the representations and warranties of the other party (subject to a material adverse effect standard), material compliance by the other party with its obligations under the investment agreement, and the consummation of the merger. While the obligations of FIS and the equity capital investors to proceed with the investment are conditioned upon the occurrence of the merger between FIS and Metavante, the obligations of FIS or Metavante to proceed with the merger are not conditioned upon the completion of either of the investments.

Following the completion of the investments, pursuant to the terms of the investment agreement and contingent upon THL maintaining specified ownership levels in FIS common stock, THL will have the right to designate one member to the FIS board of directors. The investment agreement also provides that neither THL nor FNF may transfer the shares purchased in the investments, subject to limited exceptions, for 180 days after

SHAREGIFT USA'S CHARITABLE DONATION PROGRAM

Arrangements have been made to enable Metavante shareholders to donate some or all of the merger consideration to be received upon consummation of the merger to ShareGift USA.

ShareGift USA is a nonprofit charity recognized as exempt from tax by the Internal Revenue Service under Section 501(c)(3) of the Code that will distribute a Metavante shareholder's donated merger consideration (or the proceeds from the sale of donated merger consideration) to a variety of recognized U.S. charities. ShareGift USA donates the proceeds to charities focusing on education, health, human services, public society, the environment and international causes. All merger consideration received by ShareGift USA will be used to make donations to one or more of the following charities: Teach for America, Alzheimer's Association, Juvenile Diabetes Research Foundation International, Feeding America, Trust for Public Land and Room to Read.

ACCOUNTING TREATMENT

The merger will be accounted for as a "business combination," as that term is used under generally accepted accounting principles, for accounting and financial reporting purposes, with FIS treated as the acquiror. Under the acquisition method of accounting, the assets (including identifiable intangible assets) and liabilities (including executory contracts and other commitments) of Metavante as of the effective time of the merger will be recorded at their respective fair values and added to those of FIS. Any excess of purchase price over the fair values is recorded as goodwill. Consolidated financial statements of FIS issued after the merger would reflect these fair values and would not be restated retroactively to reflect the historical financial position or results of operations of Metavante.
